

HOW TO USE JBHOMEMADE ORGANIC SUGARING WAX IN OPPOSITE DIRECTION OF GROWTH

Start with **CLEAN, DRY SKIN**
*Exfoliate 48 hours ahead

Apply Cornstarch or Baby Powder
*To ensure no moisture or oils

Rub in Cornstarch evenly over the desired area to be sugared.

Warm Sugaring Wax to a syrupy, spreadable consistency****DO NOT HEAT TO HOT...WARM!**

Spread a **THIN LAYER** EVENLY using applicator in the ****OPPOSITE DIRECTION OF HAIR GROWTH****

Apply pre-cut denim strip on the **ORGANIC SUGARING WAX**

RUB, using friction, back and forth ****to ensure sugar adheres to hairs****

Holding the top of the strip, grasp tightly while flexing or tightening the skin

Quickly remove strip, yanking downwards or in the **SAME DIRECTION** of hair growth*be sure to stay **PARALLEL** to skin*

Repeat on all areas. Safe to use over the same area if hairs are stubborn

Remember to pull/yank/rip **IN THE SAME DIRECTION OF HAIR GROWTH** Stay **PARALLEL** and close to the skin

End up with skin as **SMOOTH AS A FLOWER PETAL** SMOOTH AS A **BABY'S BEHIND** SMOOTH...**AS BUTTER!**

- Recommended for those with a previous history of waxing or those whose hair naturally grows thin.
- Recommended heating: in a bowl of hot water or bottle warmer.
- Using the applicator, apply a thin layer of wax about 2 in. wide X 4-5 in. long
