

HOW TO USE JBHOMEMADE ORGANIC SUGARING PASTE IN OPPOSITE DIRECTION OF GROWTH

Start with **CLEAN, DRY SKIN**
*Exfoliate 48 hours ahead

Apply Cornstarch or Baby Powder
*To ensure no moisture or oils

Rub in Cornstarch evenly over the desired area to be sugared.

Scoop out sugar with the applicator provided. (Or fingers if desired).

Try to scoop in circular motions resulting in a ball of sugar.

Spread sugar in the **OPPOSITE** direction of hair growth

Repeat this motion **THREE** times

Quickly **FLICK** in the **SAME DIRECTION** Of hair growth

Repeat on all areas

Safe to use over the same areas If hairs are stubborn

Remember to **FLICK IN THE SAME DIRECTION OF HAIR GROWTH**

Stay **PARALLEL** and close to the skin

End up with skin as **SMOOTH AS A FLOWER PETAL SMOOTH AS A BABY'S BEHIND SMOOTH...AS BUTTER!**

- Always store your Organic Sugaring Paste in a cool, dry place. Ideally between 69° - 70°
- Likewise, your environment when sugaring should be **COOL AND DRY**
- Use a fan blowing on you.
- Do **NOT** try to sugar when you are warm, just out of the shower or just exercised. Your skin will be too warm.
